

# A Prayer for the Earth

**by Pope Francis**

## Leaflet from the Parish Environmental Group

All Powerful God, you are present in the whole Universe and in the smallest of your creatures. You embrace with your tenderness all that exists. Pour out upon us the power of your love, that we may protect life and beauty.

Fill us with peace, that we may live as brothers and sisters, harming no one.

Bring healing to our lives, that we may protect the world and not prey on it, that we may sow beauty, not pollution and destruction.

Touch the hearts of those who look only for gain at the expense of the poor and the Earth.

Teach us to discover the worth of each thing, to be filled with awe and contemplation, to recognise that we are profoundly united with every creature as we journey towards your infinite light.

Thank you for being with us each day.

Encourage us, we pray for Justice, love and Peace.

Pope Francis in his encyclical Laudato Si and more recent Laudato Deum, has emphasised that we have been given the earth, for our needs, not to exploit our natural resources, and in the process destroy the earth. Living in Peace is also living in harmony with our Earth. It is part of our doctrine:

“ Care for the environment represents a challenge for all of humanity. It is a matter of a common and universal duty, that of respecting a common good, destined for all, by preventing anyone from using with impunity the different categories of beings, whether living or inanimate-animals, plants, the natural elements- simply as one wishes, according to one’s own economic needs”.

We the Environment group ask you to consider, during Lent and throughout the year, how we as individuals, family and church community reduce our collective Carbon Footprint. Please use the information for the good.

What we do here and now, will help mitigate, and reduce the effects of Climate Change. Pope Francis is urging us to Help our Common Home.

LENTEN CHALLENGE TO REDUCE OUR CARBON FOOTPRINT

Week	Theme	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
1	Reuse Repair Repurpose	Buy a reusable water bottle or water bottle cup	Visit RELOVE event 11am-2pm	Get small items at Bicester Green Bicestergreen	Free2Recycle	Bicestergreen	Get small items at Bicester Green Bicestergreen	Check that your energy supplier fits a smart meter
